FOR REFRESHMENTS**

I am delighted to recognize your achievement towards lifelong learning. To the instructors who have taught numerous courses throughout the years and to our enthusiastic learners who have attended these courses and supported our programs, your commitment and engagement is inspiring.

The Division of Continuing Studies has been an integral part of UVic since its inception in 1963 and today provides adult and continuing education programming in co-operation with UVic faculties and community partners. As part of UVic it provides an opportunity for students to pursue learning in a unique way.

Like the biology of a healthy organism, UVic needs diversity. Different people who pursue different paths according to their interests and abilities. Each of you represent a unique part of the whole in your participation with Continuing Studies. Your keen sense of personal growth and desire for learning is to be commended.

Congratulations on your achievement—may you continue to engage in rich and meaningful experiences in your pursuit of lifelong learning.

President and Vice-Chancellor
